ABOUT THE BUDDY WALK

The BUDDY WALK celebrates National Down Syndrome Awareness Month. The National Down Syndrome Society established the Buddy Walk in 1965 to raise awareness of Down Syndrome and support people with Down Syndrome. It is a fun, award-winning event in which thousands of people from coast to coast and around the world participate in each year! Make a difference in the lives of thousands of families! Your participation in the BUDDY WALK will help provide information and support to families in North, AL. Invite anyone from your workplace, school community and support people with Down Syndrome. Whether you have Down Syndrome, know someone who does or just want to show your support, come and join the BUDDY WALK...

Sponsorship Pricing
\$150 Each

The new parent packets are filled with informational and inspirational materials/books. These packets are given to new parents that have been blessed with a child born with Down Syndrome. B.U.D.S. has had an amazing response to the packets and would not be able to provide these without the funds we raise at our annual BUDDY WALK.

The BUDDY WALK is B.U.D.S.'s main fundraiser each year. So with your participation, donations and help raising funds B.U.D.S. will be able to increase our efforts to impact the lives and families of those with Down Syndrome in our community.

Where do the funds go?
With the money raised B.U.D.S. is able to provide new Parent Packets to families in our North Alabama community who have children both with Down Syndrome. These packets contain books and other resources that families can use as a reference from birth to adulthood regarding their family member and their specific needs at every stage. Tools are purchased to further aid in our schools, libraries, doctors offices and other environments. B.U.D.S. has been able to provide other services such as therapy, special Day in the Park, and special education classes for children with Down Syndrome. Education is one of B.U.D.S.'s strongest passions. We strive to accurately educate the community at large about Down Syndrome and help the lives of individuals in our community with Down Syndrome.
